=====

Description:

Prior to being placed in the Booking detox cell for medical observation, in the privacy of the Booking Dress-out room, I preformed a visual body cavity search on Inmate Crowson. Inmate Crowson appeared to be in an unusual state of confusion and was slow to respond to my commands. When Inmate Crowson was instructed to dress, he put his underwear on after he had his pants on. I instructed Inmate Crowson to redress himself by putting the underwear on and then his pants over them. He seemed to be confused and removed the underwear but did not put them on.

Description:

Inmate Crowson did not show up to the line for breakfast this morning. I stepped in to the section and called for him. When he did come out of the lower tier he appeared to me to be lethargic or slow. I asked him to get a food tray. He turned around and went back to the lower tier. Deppuity Dolgner came to F-Block and escorted him to booking. Medical checked Crowson and found nothing wrong with his vitals. He was later moved to the detox cell for observation.
